

Carson City-Crystal Area Schools

Carson City-Crystal Areas Schools District Annual Report (AER) Letter

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for Carson City-Crystal Area Schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws. Our staff is available to help you understand this information. Please contact Kevin P. Murphy, our Superintendent, for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site www.carsoncity.k12.mi.us or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data—Elementary or middle school assessment results on the Michigan Educational Assessment Program (MEAP), high school assessment results on Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students.
- Helps parents understand achievement progress within schools and compare these to district and State achievement.

Accountability Scorecard—Detail Data and Status

Information is provided for the district and each school related to achievement targets in reading, writing, mathematics, science and social studies answering questions like:

- Did the district (and schools) meet achievement targets for all students and subgroups of students?
- Did the district (and schools) meet achievement growth targets for all students and subgroups of students?

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the

lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given. For CC-C, all schools and the district were not identified with any of these labels.

The mission of Carson City-Crystal Area Schools is to personalize education for all of its students and have them “college and career ready” by the time that they graduate from high school. Our community continues to play an important role in the successes of the district and for that we are thankful.

Sincerely,

Kevin P. Murphy
Superintendent
